HOW TO DRESS? WHAT TO BRING?

During the adventure we may be exposed to all sorts of weather, dress accordingly. Activities in the snow alternate between moments of high warmth (effort) and rapid cool down. We recommend to use a multi layer approach to avoid being too hot or too cold.

The key to stay comfortable is to stay dry, for this reason avoid cotton as much as possible.

SURE YOU BRING:

Snowshoe to Fondue: Waterproof jacket, hat or beanie, scarf, gloves, warm socks, waterproof shoes appropriate to walk in, warm clothes.

Igloo to Skidoo: All the above plus, toothbrush, warm pyjama, dry change of cloth, extra socks, a little backpack to fit it all. And a swimming costume for the Onsen if took the package!
